PROJECT: Traffic Calming Measures (Flexible Bollards)

LOCATION: Church Street & Western Avenue

WHY?

Church Street and Western Avenue have been identified as areas of concern with respect to the speed of vehicles. We are implementing a traffic calming measures to achieve lower speeds for motor vehicles and increase safety for non-motorized users.

WHEN?

Start: Thursday, August 15th, 2019

End: Wednesday, August 21st, 2019

IMPACTS?

There will be no traffic delays experienced during the installation of flexible bollards on Church Street and Western Avenue. The locations of the traffic calming measures have been selected to minimize impact of driveways.
