Let us know what you think of Southlake's plans to expand the hospital.

With our community growing quickly,
the hospital needs to expand to keep up.

We're developing a master plan to grow
the hospital over the next 10, 20 and 30 years,
so we can care for you and your family well
into the future.

We want your feedback.

Join us for one of the sessions listed to take
a sneak peek at the plans we're developing
and let us know what you think of them.
