

Building Division Foundation Control Certificate

General Information

A Foundation Control Certificate completed by an Ontario Land Surveyor accompanied by a survey with embossed seal confirming that the as-built location of the foundation, height at top of foundation wall and underside of footing is in compliance with the approved submitted site plan, must be submitted to the Chief Building Official. This form and survey must be submitted prior to commencing framing.

(IF APPLICABLE)

FIELD MEASUREMENT DATE: _____

Building Division Foundation Control Certificate

FIELD MEASUREMENTS:

Front Yard Set Back	Rear Yard Set Back	Interior Side Yard #1 Set Back	Interior Side Yard #2 Set Back	Exterior Side Yard Set Back	As-Constructed Top of Foundation Elevation	As-Constructed Garage Floor Elevation
_____m	_____m	_____m	_____m	_____m		

The top of foundation wall has been constructed to an elevation within +/- _____ metres of the elevation on the 'Reviewed By Engineering' site grading plan (or the attached as-constructed site grading plan).

The current foundation has been back-filled in general conformity with the "reviewed by Engineering" site grading plan (or the attached as-constructed site grading plan) to a tolerance of +/- ____.

ADDITIONAL COMMENTS:

Declaration and Acknowledgement

This certificate is to certify that the foundation is:

- a) in general conformity with the minimum underside of footing and top of foundation wall elevations shown on the "Reviewed By Engineering" site grading plan;
- b) sited entirely on the correct lot and conforms to the applicable Zoning By-Law;
- c) I hereby certify that I have read and agree to the information presented on this page.
