

Nobleton Sanitary sewer works

PUBLIC WORKS DIVISION

PROJECT

Township contract forces will be undertaking various sanitary sewer works in the north-east area of Nobleton.

WHY

The Township has identified inflow & infiltration (I&I) in these sewer works. By reducing these extraneous flows the Township is able to improve system performance and reduce operational costs.

WHERE

These works will be taking place at various locations in the north-east area of Nobleton. See map below.

IMPACTS

Traffic impacts shall be minimal with full access being maintained throughout the works. **Some works may require temporary road closures. Notice of any closures shall be issued well in advance.** Sanitary lateral work will be undertaken at some locations and those residents will be contacted individually. All works will be contained within the municipal Right-Of-Way.

WHEN

Works will commence on October 22nd and will conclude approximately December 15th.
