

Township of King
Engineering and Public Works Department
Hydrant Meter Permit Application

Approval from Fire Department required before approval of this application

Address requiring hydrant meter: Hydrant Permit Number	
Lot No.:	I, the undersigned understand that: 1) the use of this hydrant meter at the above location is a privilege and if abused, the meter will be removed and the privilege will be revoked. 2) the water obtained through this hydrant is not considered potable due to lubricants used during hydrant maintenance and/or possible contamination through the hydrant drain hole. 3) any changes to the configuration of the meter or backflow preventer will incur a \$500 fee to restore the apparatus to its original state. 4) the Township may restrict the water usage in the event of a water ban situation as per Region of York Advisory and/or the Township By-law. 5) the proponent will provide and maintain a gate valve acceptable to the Township at the assigned hydrant. 6) the proponent's deposit money will be refunded pending re-certification of backflow preventer. If repair works are required this will be applied against the deposit.
