

NOTICE OF PUBLIC CONSULTATION CENTRE KING TOWNSHIP WATER/WASTEWATER AND STORMWATER MASTER PLANS

INTRODUCTION – *What are these Master Plans all about?*

The Township of King has initiated a review and analysis of water, wastewater, and stormwater services in King City, Nobleton and Schomberg which will result in Water/Wastewater and Stormwater Master Plans to support projected growth scenarios outlined in the Growth Plans in place for each community (King City, Nobleton, Schomberg), and to ensure systems are adequate for the existing communities.

These studies will support the Township's Official Plan and the individual Community Plans. The studies will consider all lands designated for development, plus an allowance to accommodate intensification within the existing development limits as established by York Region and the provincial Growth Plan (Places to Grow).
