NOTICE TO RESIDENTS

Dear Resident/Homeowner

Subject: Earthworks Construction – King City East Lands

Please be advised that the King City Landowners Group will be commencing earthworks operations effective August 7, 2020. The duration of the works will extend through the summer and into the fall depending on weather conditions. The operation will involve heavy earth moving equipment and dump trucks. Access to the site will be via dedicated construction access points on Dufferin Street and 15th Sideroad as shown in the attached plan. There will be no access to the site from, or parking of construction related vehicles on, existing residential streets. Construction activities will be restricted to the period of 7:00am to 7:00pm Monday through Saturday, excluding statutory holidays. The contractor will be required to implement appropriate erosion and sediment controls, dust control measures and minimize mud tracking onto adjacent arterial roadways.

Selected tree removal will also be implemented as part of this work. Trees will be removed in accordance with the Migratory Birds Convention Act and Regulations.

The earth moving program has been subject to a permitting process with the Township of King. Members of council and Mayor Pellegrini have been informed as well.

If you should have any questions or concerns, please contact the Township through SERVICEKING at serviceking@king.ca, by phone at 905-833-5321 or Mr. Thomas Evans from this office at tevans@skaengineering.com or 905-426-9451 ext. 251 with any questions or concerns.

Yours very truly,
SABOURIN KIMBLE & ASSOCIATES LTD.
